

PRESS RELEASE

For Immediate Release

St. Louis, MO - Primary Marking Systems, Inc's announces eTWIST® certification of Intermec's CN50

Primary Marking announced today the Certification of Intermec's CN50 with their Patent-Pending Mobile Evidence Collection Solution eTWIST®. The Intermec CN50 is the only 3.75G wireless mobile computer that combines a small and light-weight form factor with a rugged design to deliver the most advanced, high performance voice and data communication solution specifically designed for First Responders. Primary Marking's product Manager, PJ McIntyre said "the long awaited Certification of the Intermec CN50 provide's eTWIST® First Responders additional options when considering their mobile handheld selections". "Intermec has strong brand recognition throughout the marketplace and their positions as a global market leader make them a perfect strategic partner," said Brian Capar, President of Primary Marking Systems, Inc.

About Primary Marking Systems, Inc.

A Saint Louis based company since 1997; Primary Marking Systems, Inc. has been defying boundaries as a Value Added Reseller (VAR) of data collection and labeling systems accelerating and optimizing cross-business processes within and among policing agencies throughout the U.S. Globally, agencies are transforming fundamental business processes to become collaborative businesses – enabling interactions inside and outside the agency to deliver a strategic advantage. Primary Marking's software, hardware and services are the catalyst for moving to this new dynamic collaborative dimension. Primary Marking sales and technical staff continue to find the right technology for our partners to ensure the Chain of Custody and Protect the Truth™.

About Intermec

Intermec (NYSE:IN) has foreseen the future – and delivered the resources and products – which have helped transform a whole range of industries, from retail to field service, from warehousing to manufacturing. For more than 40 years, Intermec has invented technologies and created comprehensive rugged mobile business solutions that have enabled partners to manage, operate, and monetize their complex businesses in completely new ways. Intermec is a trusted technology partner with diverse global business relationships with such companies as Coca-Cola and British Sky Broadcasting as well as government organizations such as the U.S. Army and Britain's Royal Mail.
